

CEMP-RT

**DEPARTMENT OF THE ARMY
U.S. Army Corps of Engineers
Washington, DC 20314-1000**

EM 1110-1-4000

Manual
No. 1110-1-4000

1 November 1998

**Engineering and Design
MONITORING WELL DESIGN, INSTALLATION, AND DOCUMENTATION AT
HAZARDOUS, TOXIC, AND RADIOACTIVE WASTE SITES**

Table of Contents

Subject	Paragraph	Page	Subject.....	Page
Chapter 1				
Introduction			Soil Sampling	3-11 3-14
Purpose	1-1	1-1	Rock Coring	3-12 3-17
Applicability.....	1-2	1-1	Abandonment/Decommissioning.....	3-13 3-18
References	1-3	1-1	Work Area Restoration and Disposal of	
Terminology.....	1-4	1-1	Drilling and Cleaning Residue.....	3-14 3-19
Background	1-5	1-2		
Chapter 2				
Boreholes and Wells: Site Reconnaissance, Locations, Quantities, and Designations				
Site Reconnaissance.....	2-1	2-1	General	4-1 4-1
Locations and Quantities	2-2	2-1	Format.....	4-2 4-1
Designations.....	2-3	2-1	Submittal	4-3 4-1
			Original Logs and Diagrams	4-4 4-1
			Time of Recording	4-5 4-1
			Routine Entries.....	4-6 4-1
Chapter 3				
Drilling Operations				
Physical Security.....	3-1	3-1	Chapter 5	
Drilling Safety and Underground			Monitoring Well Installation	
Utility Detection	3-2	3-1	General	5-1 5-1
Permits, Licenses, Professional Registration, and Rights-of-Entry	3-3	3-1	Well Clusters	5-2 5-1
Site Geologist.....	3-4	3-1	Well Screen Usage.....	5-3 5-1
Equipment	3-5	3-1	Beginning Well Installation	5-4 5-1
Drilling Methods.....	3-6	3-2	Screens, Casings, and Fittings	5-5 5-5
Recirculation Tanks and Sumps.....	3-7	3-8	Granular Filter Pack.....	5-6 5-5
Materials.....	3-8	3-8	Bentonite Seals.....	5-7 5-6
Surface Runoff	3-9	3-14	Grouting.....	5-8 5-6
Drilling Through Contaminated Zones	3-10	3-14	Well Protection	5-9 5-7
			Shallow Wells	5-10 5-8
			Drilling Fluid Removal.....	5-11 5-11
			Drilling Fluid Losses in Bedrock.....	5-12 5-11
			Well Construction Diagrams.....	5-13 5-11

Subject	Paragraph	Page	Subject.....	Page
Chapter 6				
Well Development				
General	6-1	6-1	Vertical Control.....	9-3
Timing and Record Submittal.....	6-2	6-1	Field Data.....	9-4
Development Methods	6-3	6-1	Geospatial Data Systems	9-5
Development Criteria.....	6-4	6-3		9-1
Development-Sampling Break	6-5	6-4		9-1
Development Water Sample	6-6	6-4		9-1
Well Washing	6-7	6-4		9-1
Well Development Record	6-8	6-4		9-1
Potential Difficulties	6-9	6-5		9-1
Chapter 7				
Well and Boring Acceptance Criteria				
Well Criteria	7-1	7-1	Usage and Reporting	10-1
Abandoned/Decommissioned Borings and Wells	7-2	7-1	Methods.....	10-2
Well and Boring Rejection	7-3	7-1		10-1
Chapter 8				
Water Levels				
Measurement Frequency and Coverage	8-1	8-1	Usage and Reporting	11-1
Vertical Control.....	8-2	8-1	Methods.....	11-2
Reporting and Usage.....	8-3	8-1		11-1
Methods.....	8-4	8-1		11-1
Chapter 9				
Topographic Survey				
Licensing.....	9-1	9-1	Benefits	12-1
Horizontal Control.....	9-2	9-1	Assistance Sources	12-2
			Geospatial Data Systems	12-3
				12-1
Appendix A				
References				
Appendix B				
Abbreviations				

List of Figures

Figure	Page
3-1. Suggested format for use in obtaining water approval	3-11
3-2. Suggested format for obtaining approval for filter pack.....	3-13
3-3. Example materials summary	3-16
4-1 Boring log format.....	4-2
4-2. HTRW Drilling Log.....	4-5
5-1. Schematic construction of single-cased well with gravel blanket ...	5-2
5-2. Schematic construction of multi-cased well with concrete pad.....	5-3
5-3. Schematic construction diagram of monitoring well.....	5-4
5-4. Post placement and gravel blanket layout around wells	5-9
5-5. Schematic construction of flush-to-ground completion	5-10
5-6. Well design parameters to minimize frost heave	5-11

List of Tables

Tables	Page
3-1. Drilling Methods.....	3-3
4-1. Soil Parameters for Logging..	4-7
4-2. Rock Core Parameters for Logging....	4-8
